Comments quoted from Family Tree DNA

12 marker Y-chromosome test:

12-marker matches are highly likely to be related within the past 29 generations.
 Provides genealogically relevant matches and recent ancestral origins.
 Recommended for confirming a genealogical relationship with another male.
 Provides your Haplogroup: deep ancestral origin of the paternal line.

25 marker Y-chromosome test:

25-marker matches are highly likely to be related within the past 13 generations.*
 Provides genealogically relevant matches and recent ancestral origins.
 Recommended for confirming a genealogical relationship with another male.
 Provides your Haplogroup: deep ancestral origin of the paternal line.

37 marker Y-chromosome test:

37-marker matches are highly likely to be related within the past 8 generations.*
 Provides genealogically relevant matches and recent ancestral origins.
 Recommended for confirming a genealogical relationship with another male.
 Provides your Haplogroup: deep ancestral origin of the paternal line.

*Estimated for exact 37-marker matches, at a 95% confidence level.
